

happyback Relax-Nex usage and care instructions

Congratulations on your purchase of the happyback Relax-Nex.

Having purchased the happyback Relax-Nex you have chosen a TOGU® branded product which is “Made in Germany”!

It is made in conformity with the applicable EU regulations for sports equipment and is free of banned phthalates and heavy metals.

Pure relaxation! The new soft foamed material improves comfort and allows the user to sink into deep relaxation. The new Relax-Nex form the happyback-series can relieve a prevent tension in the neck and shoulder area. Whether at home on the couch, a sun lounger on a vacation or while performing exercises, your head is always perfectly embedded and floating on a velvety soft cushion of air-almost like lying on clouds.

Hygienic because it is washable. Includes instructions and a needle valve for individual pressure regulation.

Equipment details:

The happyback Relax-Nex is made of high-quality Ruton and uses a needle valve for air regulation. The happyback Relax-Nex’s air pressure can be regulated by adjusting it with a normal ball pump at any time. So you are able to change the stiffness grade of the happyback Relax-Nex.

Measures: 23,5 x 11cm

Load capacity: approx. 200 kg

Thermal stability:

The happyback Relax-Nex is UV-resistant and also heat-resistant to a limited degree. The can easily withstand temperatures of up to 45°C. However, the happyback Relax-Nex should be kept out of direct sunlight (e.g. do not store in the window). The material softens as it gets warmer.

The happyback Relax-Nex is also resistant to cold, but should nevertheless not be stored at temperatures below -10°C. The material hardens as it gets colder.

Care:

Any mild standard cleaning agents and disinfectants can be used to clean the happyback Relax-Nex. Solvent based, acidic or caustic cleaners will damage the material. The happyback Relax-Nex is water resistant.
